

Track onboarding

Click **View Volunteers** on the dashboard.

Use the Volunteers table to see each volunteer's onboarding progress.

The screenshot shows the Volunteer Corner dashboard. At the top, there's a header with the logo and a welcome message: "Welcome, H.R. MacMillan Space Centre". Below the header, there are two summary cards: "4 Total Events" and "1 Total volunteers". A red box highlights the "View Volunteers" button, which is located next to "Invite Volunteers" and "View Analytics".

Below the summary cards, there's a "Live Updates" section with four entries, each stating "New volunteer Signed up!" followed by the volunteer's name and the time since they signed up. Below this is a "Pending Attendance" section with a "1 to review" badge and two buttons: "CHECK-IN" and "NO-SHOW".

At the bottom, there's a section for the "Space Centre Volunteering Event" on Sunday, October 18, with the time "EXHIBIT GUIDE • 7:55 PM-9:00 PM".

On the right side of the dashboard, there's a "Calendar" section for October 2026. The calendar shows a grid of dates from 27 to 31. Two dates, 18 and 25, are highlighted with red boxes and labeled "Space Centre Volunteering Event" with a "1/5" and "0/5" respectively.

Review onboarding status

At the top right of the Volunteers table, select **Customize** to choose which column headings are shown.

Scroll the table horizontally to the right to see **On-boarded** and **CRC**. A tick marks a completed step: **On-boarded** for completed onboarding and **CRC** for a completed criminal record check. It records the status; it does not perform the check.
